Mind Matters	11 Jun 2023	1. Let's Be Honest	Proverbs 24:26; Philippians 4:8	When God created human life, he gave us 'psyche' – the ability to be mindful and cognitive beings. With that comes the fact that we experience a range of feelings, emotions, and mental states when navigating the ups and downs of life on earth. Adolescence is a time when mental health and emotional wellbeing are impacted by a barrage of life events and changes every single day. So what does God have to say about our experience of these matters and how we ought to protect our hearts and minds as we live for Him?
